### **MESSAGE**

My warmest greetings to my fellow Antipoleños and the dedicated public servants of our city.

Public office is a public trust, and central to that trust is the quality of service we provide to every citizen who walks through the doors of our offices. It is with great pride that I present the updated Antipolo City Citizen's Charter—our comprehensive guide to a more transparent, accountable, and efficient local government.

This charter is more than just a list of procedures; it is our commitment to you. By clearly outlining our services, processing times, and requirements, we are eliminating guesswork and cutting through red tape. Our goal is to ensure that every transaction is handled with professionalism and integrity, reflecting our vision of a future-ready city that values your time and trust.

To our city employees, let this document be your daily reminder of the high standards we must uphold. To our citizens, let this be your tool to demand the excellence you deserve.

As we continue to modernize our systems and streamline our operations, our guiding light remains the same: malasakit. Together, let us work toward a government that is not only faster and smarter but one that truly serves the heart of our community.

Tayo Na!

## 1. ANNUAL REGISTRATION OF TOURISM ENTERPRISES

In accordance with City Ordinance No. 2018-879, otherwise known as the “2019 Antipolo City Revenue Code,” as amended, all tourism-oriented and related establishments operating within Antipolo City are required to register annually. This registration applies to principal branches, extension offices, and other tourism-related businesses, ensuring compliance with local regulations.

A registration fee is imposed on all tourism enterprises, without prejudice to the collection of other taxes, fees, and surcharges as mandated by existing laws, ordinances, and local issuances. Additionally, all Primary Tourism Enterprises (PTEs) are required to secure a local tourism clearance and apply for accreditation through the Department of Tourism (DOT) online portal. This ensures that establishments meet the standards set by the DOT and contribute to the city's thriving tourism industry.

## 4. ISSUANCE OF CERTIFICATION / REPLY TO REQUEST FOR BUSINESS DATA AND OR RELATED INFORMATION

The Business Permits and Licensing Office (BPLO) facilitates the issuance of certification relative to the status (existence / non-existence / operation / non-operation) of a business establishment located within Antipolo City and similar concerns.

Pursuant to 2019 Antipolo City Revenue Code, the City Government thru the BPLO issues Order of Payment for the fees to be paid by the person requesting for copies of Business Permit, Certification, Business Roll / List of business establishments and other official records and documents.

## 4. ISSUANCE OF CERTIFICATION TO STALLHOLDERS FOR BUSINESS PERMIT AND SIMILAR PURPOSES

Upon request, the Billing Section of the City Mall of Antipolo (CMA) Administration Office issues a certification confirming that a stallholder has settled all accountabilities, including rent, CUSA, electricity, and water charges for their stalls. This certification serves as official proof that a stallholder has fully settled all accountabilities. It may be used for business permit renewal, business retirement, and other transactions requiring financial clearance.

## 5. ISSUANCE OF ORDER OF PAYMENT FOR DELINQUENT ACCOUNTS

Tenants and market vendors with outstanding balances in their accounts are required to secure an Order of Payment before making any payment. This requirement applies beginning on the working day immediately following the due date:

15th of the month for tenants under a 5-year contract  
10th of the month for tenants under a 1-year contract

The Order of Payment specifies the exact amount due, ensuring that tenant accounts remain current. It also serves as the official and accurate basis for the Revenue Collection Clerk in receiving payments, thereby upholding transparency, accountability, and proper documentation in revenue collection.

## 8. ISSUANCE OF WORK ORDER

For the removal, construction, or alteration of the original structure of any booth or booths, as well as any modifications to electrical wiring or water connections, the stallholder must obtain the necessary permits before commencing any construction or renovation. These permits may consist of a Work Order issued by the Market Administrator of the City Mall of Antipolo (CMA) or a Building Permit granted by the designated Building Official. The Maintenance Section of the CMA also issues Work Orders to carry out various installation and dismantling jobs upon request for the CMA's assistance.

## 10. ISSUANCE OF ELECTRICAL PERMIT FOR NET-METERING

The Office of the Building Official facilitates applications for Electrical Permit for Net-Metering filed by a building owner for the installation of Net-Metering (Renewable Energy). It was also upon compliance of the building owner to the "Streamlined Requirements and Processing of Permits, Licenses, and/or Certifications for Net-Metering Applications" as per Joint Memorandum Circular No. 001 Series of 2026 of Department of Energy (DOE), Department of the Interior and Local Government (DILG) and Department of Public Works and Highways (DPWH).

The list of requirements and the application forms can be availed at OBO or can be requested through email ([obozaopantipolo@gmail.com](mailto:obozaopantipolo@gmail.com)) and the OBO's official FB page (*Building and Zoning Office Antipolo City*). All applications are subject for evaluation of technical requirements and/or inspection prior to payment of permit fee and issuance of the Certificate.

#### 4. JOB FAIR CLEARANCE FACILITATION SERVICES

The City Government welcomes all accredited employers who intend to conduct job fairs in Antipolo City. Proponents have to coordinate with the Public Employment Service Office (PESO) at least two (2) weeks prior to the conduct of a job fair activity for the processing of Job Fair Clearance to be issued by the Department of Labor and Employment (DOLE). The PESO facilitates the preparation, approval and delivery to DOLE of the Request for Job Fair Clearance signed by the City Mayor.

## 6. SPES FACILITATION SERVICES

Pursuant to Republic Act No. 9547 otherwise known as the “**Special Program for the Employment of Students (SPES)**”, employment facilitation services for applicants to the program are being done by the Public Employment Service Office (PESO). SPES is an employment bridging program during Summer or Christmas vacation that aims to augment the family’s income of poor but deserving students, out-of-school youth (OSY) or dependents of displaced workers who intend to finish their education. After passing the prescreening stage, SPES beneficiaries shall return to PESO for orientation and contract signing prior to the start of their employment.

## 8. APPLICATION FOR THE SPECIAL PROGRAM FOR THE EMPLOYMENT OF SENIOR CITIZENS AND PERSON WITH DISABILITIES

The Philippines has laws and regulations that mandate the inclusion of senior citizens and PWDs in the workforce. Republic Act No. 7432, as amended by Republic Act No. 9257, mandates the employment of senior citizens. Similarly, Republic Act No. 7277, or the Magna Carta for Disabled Persons, ensures the rights and privileges of PWDs, including employment opportunities. Employment of senior citizens and PWDs in the Philippines is not only a legal requirement but also a strategic decision that promotes inclusivity, diversity, and economic development while fulfilling corporate social responsibility obligations.
